

Hair Parlor

Full Hide

Aniline

Inherent in hides:

- Natural Markings
- Fat Wrinkles
- Healed Scars

The KL Hair Parlor has the right look for you! Hair Parlor is a combination of prime hair-on cowhides that are both acid-washed (Metallic or Non-Metallic) and natural aniline dyed. Both are produced using the finest European hides. They are a very unique product imported from a specialized tannery in Italy. The acid-washed hair-on cowhides are dipped to create an acid-washed effect that is completely unique from hide to hide. The natural hair-on cowhides are dyed throughout.

Flame Information

Pass: CA-117, NFPA-260

Care and Maintenance

Dust on a regular basis with a soft, clean, dry, or slightly damp dusting cloth. Gently remove spills immediately, blot and do not rub. Any wiping should be done with a damp pH wipe in the direction of the hair. Saddle soaps, solvent, or any harsh chemical is never recommended. A quick Vacuum or shake outside will free your hide from dust and small dirt particles.
